

## Field Trips

At My Village, we want to offer as many opportunities as possible for students to experience the wide range of field trips opportunities that are available in our area. We've had great success with the following field trips and plan to revisit some of them. We try to have one field trip or special event once a month.

Planetarium in Ft. Pierce

Art Museum in Palm Beach County

Little Red School House in Palm Beach

LegoLand

Lion County Safari

Martin County Sheriff's Office Tour

## Special Events

Fall Festival: 2022 was our first Fall Festival with the Church of the Advent. It was a huge success with so many fun activities like: Hay Ride, Face Painting, Fairy Hair, bouncy slide, pony rides and so much more!

Christmas Parade: We walked in the parade for the first time in 2022 and hope to have a float for the 2023 parade.

Christmas Celebration: We celebrate with songs, skits and speeches, a pot luck and a special visit from Santa.

End of Year Assembly: Students perform a play and sing songs.

School Photos: Typically, we offer professional Fall and Spring Photos of individual students and offer siblings together as well. We are fortunate that one of our teachers is a professional photographer.
