Math and Language Arts

Small Group Miacademy

We use an online program called Miacademy (pronounced Miacademy) to be able to provide individual instruction on each child's level. Students can be enrolled in Math and/or Language Arts as well as other courses within the program such as another language, social studies, science and others. We only monitor Math and Reading/LA, so parents would be involved with those other courses if selected. We offer individual tutoring for those that need it.

How it works

Up to 4 students at a time will be called out of their regular class for "Small Group Miacademy"; 1-2 times per day, depending on their needs and whether or not they are using the program at home. The teacher will prepare materials for each subject, monitor their progress and be there for any questions or extra support.

Small Group Miacademy is available for Primary B, C, Tween and Teen classes. Primary A will have these core subjects in their classroom. Registration options are available for both Language Arts/Reading and/or Math. Monthly tuition may be adjusted if your child only needs to be pulled from class once a day instead of twice a day; Mrs. Lisa will consult with parents individually.
