

For the past 5 years, we have been using the online program, Acellus, to provide core subjects (language arts, reading, math) to students whose parents would like them to complete those subjects while here during the day. Over this past year, we've been researching other programs and we've decided to make the switch to MiAcademy (pronounced Me Academy). In comparison to Acellus, it's much more updated and the lessons are far more engaging. Students will still have the opportunity to complete work at home, if they choose. We can also add additional courses that interest them like another language, social studies, science and others. We only monitor Math and Reading/LA, so parents would be involved with those other courses if selected. We will still offer individual tutoring for those that need it.

### How it works

Just like "Small Group Tutoring" this year, up to 4 students at a time will be called out of their regular class for "Small Group MiAcademy"; 1-2 times per day, depending on their needs and whether or not they are using the program at home. The teacher will prepare materials for each subject, monitor their progress and be there for any questions or extra support.

Small Group Lessons will be available for Primary B, C, Tween and Teen classes. Primary A will have these core subjects in their classroom. Registration options are available for both Language Arts/Reading AND/OR Math. Monthly tuition may be adjusted if your child only needs to be pulled from class once a day instead of twice a day; Mrs. Lisa will consult with parents individually.

### Prices (no sibling discount)

2 days/week: \$200/month

3 days/week: \$280/month
